

General Microsoft Excel Add-in Installation Guide for Windows

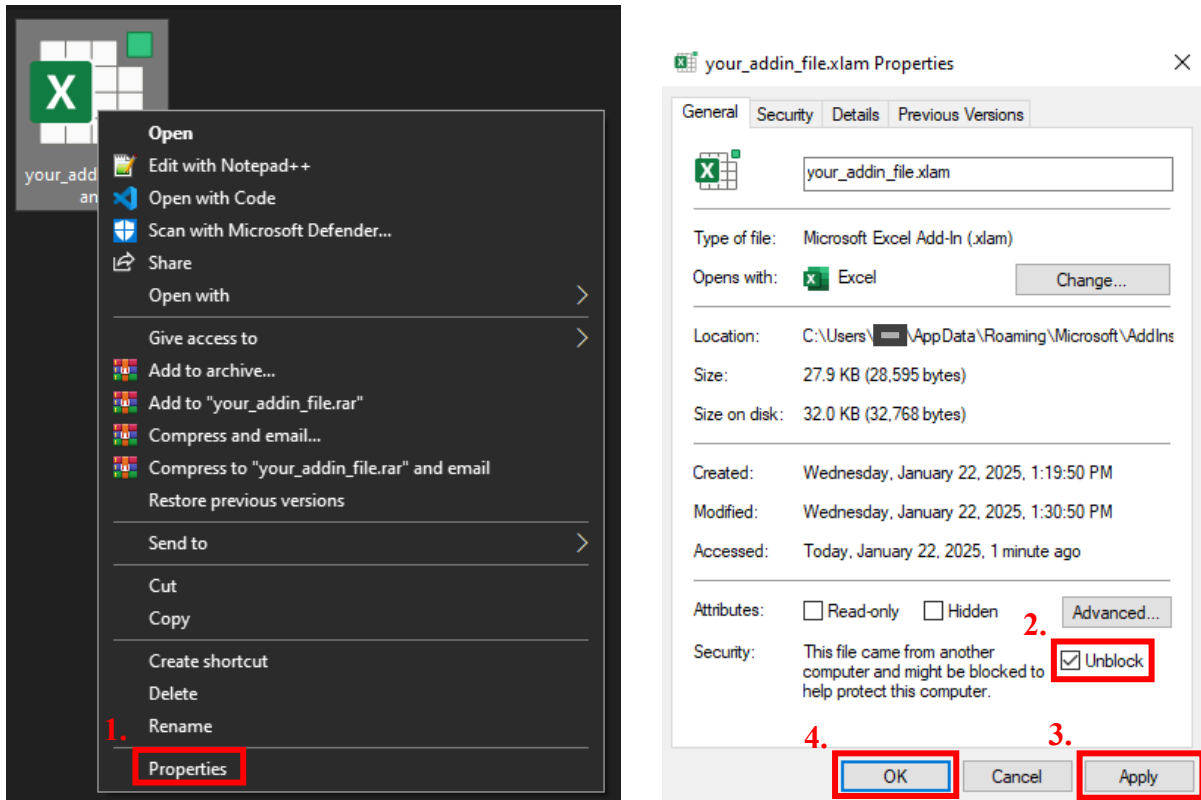

1. Download the Add-in file `your_addin_file.xlam`.

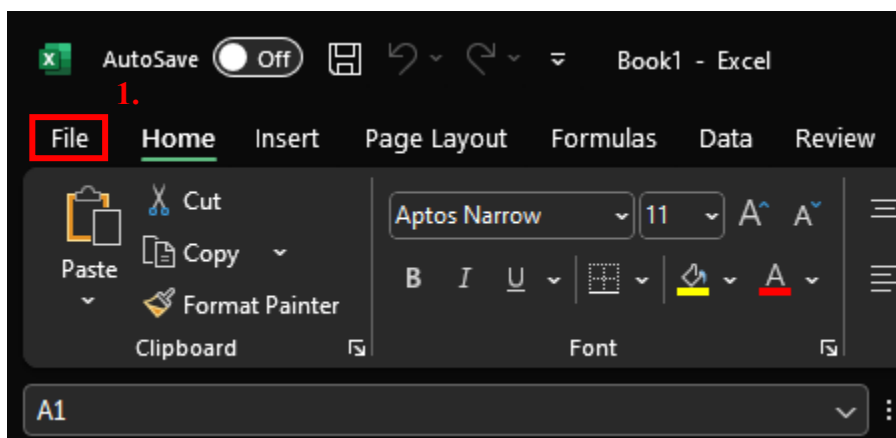

2. Use the Windows file explorer to navigate to `C:\Users\<USERNAME>\AppData\Roaming\Microsoft\AddIns`, then drop or paste the file in this folder.

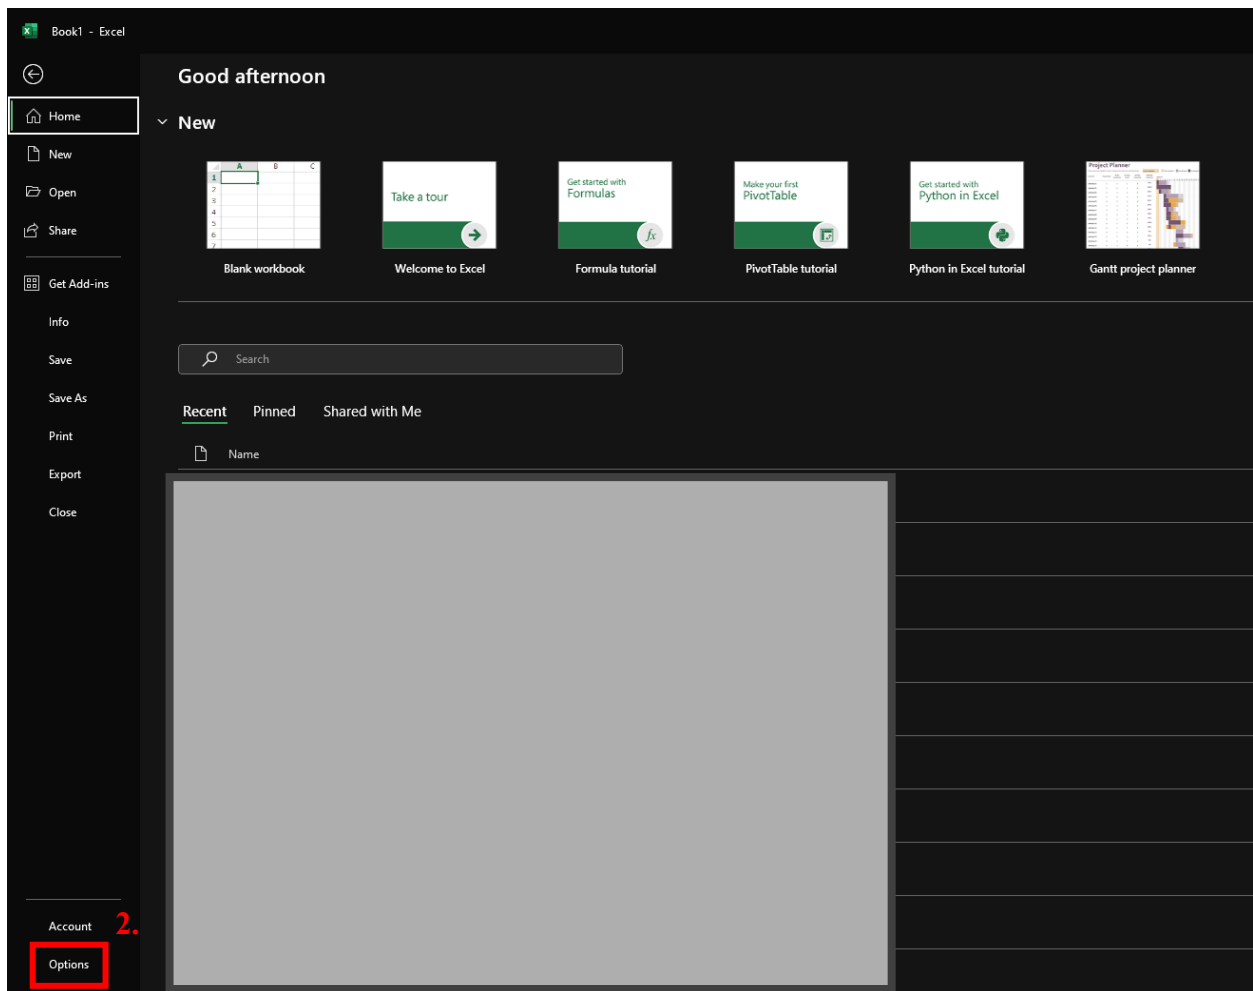

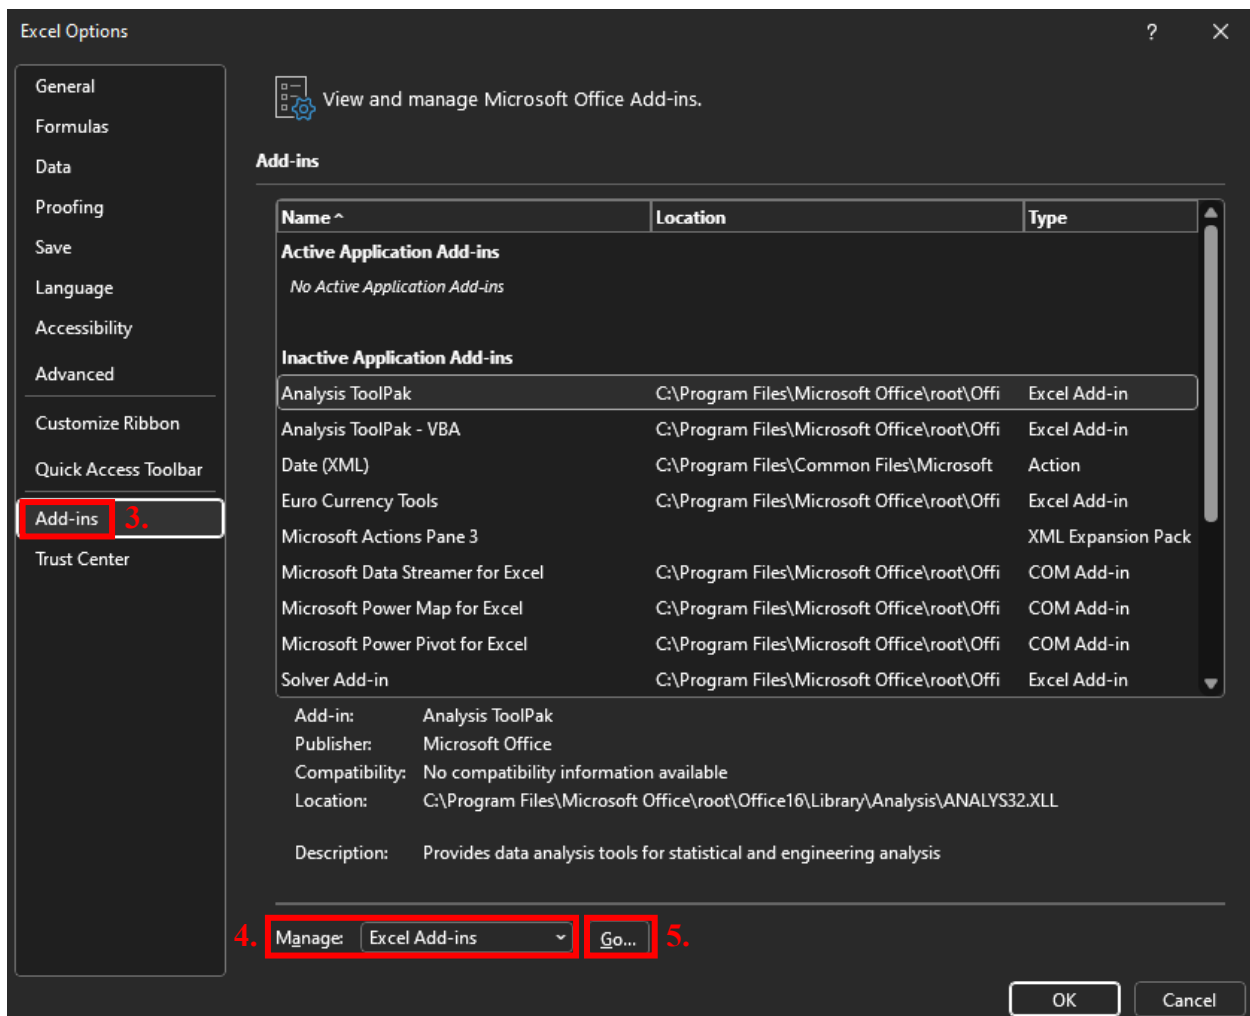

- Right click on the file, then click **Properties**. Next, check the **Unblock** box. Click, **Apply**, then **OK**. If the checkbox does not appear, you may skip this step.

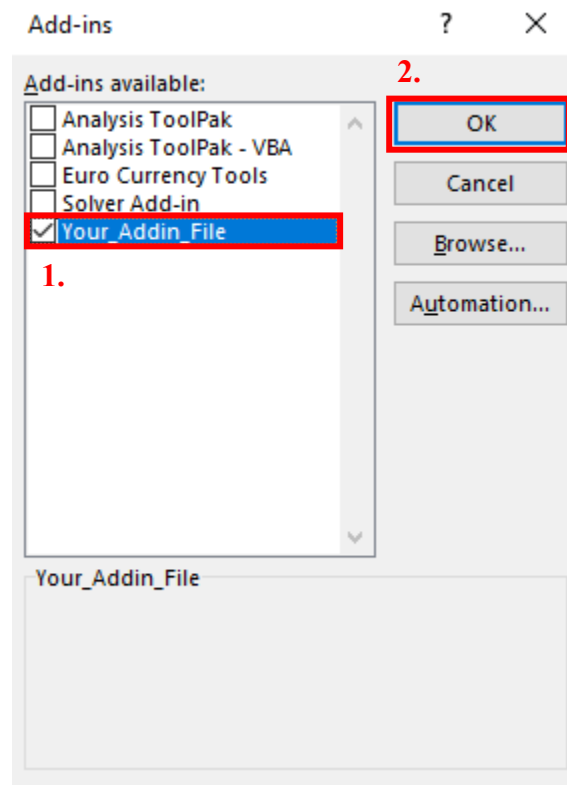

- Open a blank Excel workbook, then navigate to **File** > **Options** > **Add-ins** > **Manage Excel Add-ins** > **Go**.

5. Check the box for your Add-in and click OK.

6. Your Add-in should now appear as a new tab on the ribbon!
